EXPLANATION:

By baptism, all Episcopalians are members of the Domestic and Foreign Missionary Society. The "'80-Cent Solution' For World Mission" invites and challenges all members of DFMS to contribute 80¢ (or the equivalent in non-US currencies) per person per year for three years specifically to support missionaries of the DFMS serving beyond the shores of the United States. All monies received will be placed in a special spend-down fund to be used by and through the Mission Personnel Office of The Episcopal Church for that purpose, after appropriate consultation and approval of the Presiding Bishop and the Treasurer. These funds are intended to be above and beyond what the Church provides annually through its triennial budgets. Thus it is an extension of proposed Resolution A128 which provides for the funding of missionaries through the Church's budget. This resolution commends this effort to challenge our Church to increase the numbers of missionaries serving beyond the United States by as much as 100% over the next triennium, and to express General Convention's understanding of how these funds will be used. The "80¢ Solution" aims to pursue the goals of reconciliation and evangelism by proclaiming the good news and by fostering relationships between The Episcopal Church and other members of the Anglican Communion; and of partnership by nurturing relationships between Episcopalians and world missionaries, and through them with the peoples whom these missionaries serve. It strives to foster a personal connection, at a cost all can afford, with the greater mission and purpose of the Church.
