Minutes:

The Executive Council for the Standing Commission on World Mission met to write the Blue Book Report for the Commission. Members used past notes and minutes from SCWM meetings to assist in their work. The Blue Book report was then sent in draft form to the rest of the Commission for their review and approval. The document was also sent to staff officers supporting the work of the SCWM. The draft revisions are due by December 3, so that it can be revised and turned in by the deadline. At that time the document will be available in the 2009 Blue Book.
