*To the Deputies and Alternate Deputies of the 78th General Convention
concerning the commemoration of deputies who have died*

Dear friends and colleagues,

Both the honored custom and the Rules of Order of the House of Deputies call us to remember in prayer deputies who have died: deputies to earlier General Conventions who have died during the past triennium, and those who have not been commemorated at earlier conventions.

In order to create as complete a necrology as possible, I ask your assistance: from your own knowledge, or from consultation with your senior and retired deputies, secretaries of diocesan convention, diocesan historiographers and others, please compile a list of those former deputies who have died, and send me the following information about them:

- *Deputy's Name and Order of Ministry*
- *Diocese*
- *The General Convention(s) at which he/she served as deputy (an approximation is acceptable)*

Please email this information to gcsecretary@episcopalchurch.org. (I will also receive names on site in Salt Lake City in the General Convention Secretariat, but I encourage you to give this consideration in advance, and email the names).

Thank you for helping the House of Deputies honor its deceased members
