**Diocese Profile**

The *Diocese Profile* page can be updated at any time outside of the deadlines. Before you begin the report, please review and update any contact information and general information. Fields have been added for members of diocesan leadership, such as the Secretary of Convention and President of the Standing Committee. We communicate with these individuals regarding matters related to General Convention and the election of bishops. It is very helpful to have up-to-date and accurate information here. Thank you!

**Part I: Report of (New and Closed) Congregations**

Be sure to report all changes to congregations in 2020. Changes reported here will be reviewed and sync with the next filing year of the Parochial Report.

**Summary of Congregations.** Enter here the total number of congregations at the beginning of the year (January 1, 2020) as well as any new and closed congregations during 2020. Line D will calculate your total for the end of the year (December 31, 2020). Be sure to include the detail information of changes in the following section.

In the next section, include the date (MM/DD/YY) and reasons for the change (low membership, inadequate funds, merged with another parish, the parish or mission closed after a large portion of the congregation left the church, etc.).

**Preparation for Part I of the Diocesan Report.** Indicate who prepared Part I of the report. This helps us to contact the appropriate person, should we have questions.

**Mark Complete.** Once your information is final and has been reviewed, we ask that you mark part 1 complete.

**Special Questions for 2020**

As with the 2020 Parochial Report, additional questions have been added to help tell the story of how the Church responded to the extraordinary circumstances of 2020. The questions largely focus on diocesan finances (assessment/apportionment, PPP loans, and overall financial outlook). Additionally, there are narrative questions to allow dioceses to share more of how their ministry adapted in 2020.

**Question 1:** What is the diocesan formula for assessments/apportionment?

**Question 2:** Did the diocese apply for a Paycheck Protection Program (CARES Act) loan for diocesan staff? Please answer Yes or No.
Question 3: Did the diocese receive a Paycheck Protection Program loan?  
Please answer Yes or No.  
If yes, how much did the diocese receive? $________

Question 4: Has the loan been forgiven?  
This answer requires you to select one option.

Question 5: Did the diocese apply for a Paycheck Protection Program (CARES Act) loan on behalf of congregations in the diocese?  
Please answer Yes or No.

Question 6: How many of your churches applied for a pension waiver from Church Pension Group?  
Please state the total number of congregations that requested a waiver, not how many received it.

Question 7: Has there been an increase in the number of congregations in arrears on assessment/apportionment?  
Please answer Yes or No.

Question 8: How many total congregations in arrears in 2019? ________  
How many total congregations in arrears in 2020? ________

Question 9: How did the diocese address assessment/apportionment during 2020 in light of the pandemic?  
There is no character limit. Please be sure to save your text periodically.

Question 10: How significant is the negative impact of the pandemic on diocesan finances for 2021? Please select one from  
This answer requires you to select one option. Feel free to use the comment to provide any additional information you would like to share.

Narrative Questions:  
The following narrative questions have no character limit. Please be sure to save your work periodically.

Question 11: What opportunities and challenges did the diocese face in 2020 in light of the pandemic?

Question 12: What other events, opportunities, and challenges did the diocese face in 2020?  
Examples: Wildfire, hurricane, tornado, air quality, political unrest, etc.

Question 13: Did the diocese provide online worship for congregations?
Part II: Report of Operating Income
with a copy of the Audited Financial Statement and adopted Budget for 2020

In response to the economic dislocation experienced by many of our dioceses due to the COVID-19 pandemic, and recognizing the struggles of some dioceses to adequately respond to current needs, Executive Council is offering a relief grant. To request a grant, please click here to complete the form. Grants may be requested from May 1, 2021 until November 30, 2022.

The Diocesan Report of Operating Income has been updated to accommodate currently accepted FASB guidelines. The financial report is now a simplified reconciliation and summary report of revenue used for normal operating expense.

Preparation for Part II of the Diocesan Report. Indicate who prepared Part II of the report. This helps us to contact the appropriate person, should we have questions. Additionally, on the Preparation tab for Part 2, please indicate whether the annual financial statement for the current report year is attached. If not, please indicate when you expect to receive it. We also ask to attach the Adopted Budget for the current report year. Be sure to indicate when we can expect it if not submitted with the report.

Please note if the financial statement is not ready by September 1st, you should still file a completed Part II of the Diocesan Report and indicate on the form when you will send the financial statement. The treasurer/finance officer or controller may complete this report separately and attach it to the diocese’s consolidated audit report or request that the auditor(s) complete the form for the finance officers’ review and signature.

A General Guideline for this report:
In determining operational income, all unrestricted, restricted or designated income, trust or endowment which is used for the normal operating budget of the diocese (adopted at diocesan convention) should be reported as operating income. This is all income reported on the consolidated audited financial statement plus or minus the adjustments indicated on page 2 of part 2 (Revenue used for Operations).

Pledge Payments from Congregations:
Report: All funds reported from Congregations in Column 1. Funding may be called assessments, quotas, fair share, askings, pledge of income, etc. to the diocese. Include any assessments or reimbursement billings for payroll and insurance paid on behalf of congregations.

Deduct: Any adjustment for bad debt included in reported funds, such as unfulfilled pledges or assessments reported as expense on accrual basis financial statements (column 2, Adjustments).

Deduct: Any pass-through income, such as payroll or insurance payments included in pledge payments and paid out by the diocese on behalf of congregations (column 2, Adjustments).

Do not deduct: Income from pledge payments that is used to subsidize missions or other congregations, including support for parish clergy. If a congregation is partially aided, the portion of the overall support that is contributed by the congregation to the diocese as a
pass-through for the support may be deducted.

The net support from congregations for diocesan operations and program budget is entered in column 3 (Adjusted Amount), section I of the report.

**Contributions from Organizations**

*Report:* Revenue items received from diocesan organizations (e.g., ECW) and/or entities for support of the operating budget of the diocese (in column 1), less any amounts paid by the diocese on behalf of/or for the benefit of the same organizations or entities (in column 2). Enter the adjusted amount in column 3.

Example: An organization contributes $10,000 of its income for the Diocesan Operating Budget, plus it reimburses the Diocese $20,000 for the salary paid by the Diocese for the organization's staff. $30,000 would be reported in column 1; ($20,000) would be reported in column 2; and $10,000 (net operations income) would be reported as the adjusted amount in column 3.

**Investments Used for Operations:**

*Report:* Income, and/or principal, any realized gains or losses, transferred to the operating budget from trusts or endowments for operating purposes (enter in column 1). Do not report net gains or losses to your endowment. Also, do not report the total corpus of your endowment or investments. Only report funds from your endowment, investments or trusts used for operations in 2020.

*Add:* any income, and/or principal, any realized gains or losses, paid directly from Trust or Endowment Funds for operating purposes (enter in column 2).

*Deduct:* amounts added (or returned) to investment or endowment balances in column 2 from operating budget.

Enter adjusted amount in column 3.

**Unrestricted Gifts and bequests**

*Report:* All funds received, or any portion of gifts and bequests used for operating purposes.

Example: $30,000 is received from an unrestricted bequest. $10,000 is used to fund the operating budget, $20,000 is invested in endowments, and $10,000 is reported as operating income.

**Other Operating Income:**

The Executive Council decision on reporting forgiven Paycheck Protection Program (PPP) loans as income, and therefore subject to assessment, was an issue of governance and practice as required by General Convention. If your PPP loan has been converted to a grant, include it on line V.a ‘Other Operating Income. For further explanation, please see Resolution FIN-139 of April 16, 2021. To view resolution, click [here](#).

Grants received, and any other income used for the Diocesan Operating Budget not noted elsewhere less any costs incurred or paid for by the diocese.

- Rental of property income: \$ \__________ Include V. a.
- Less: direct expenses: - \$ \__________ Record this on V. c.
Net rental income + $ __________________

Column totals should balance across totals row and down column 3. The total adjusted operating income is actual income used for operating expenses.
